

SLEEK FENCE™

OUR VALUES

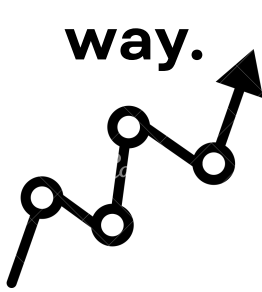

CARE

Treat others
the way they
would want to
be treated.

CONTINUOUS IMPROVEMENT

Don't make
the same
mistake twice.
Do it a better
way.

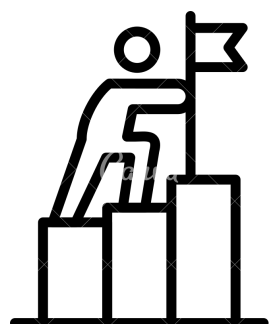

INTEGRITY

Do what you say
you are going to
do.

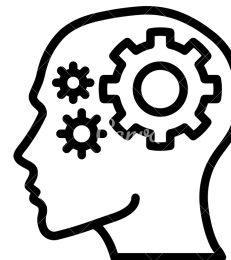

WORLD CLASS

Be the best of
the best.

GROWTH MINDSET

A desire to learn
and grow – a “can
do” attitude.

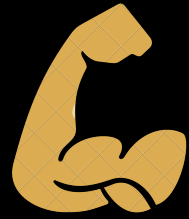

WHAT IS SLEEKFENCE™?

It all started with realizing that there was a major lack globally for a **modern** and fully private **fence solution** constructed from a material that would **last a lifetime** and available in **dark colors**.

With **decades of experience** in fence contracting, the founders of SLEEKFENCE™ networked with leading fence companies all around the world to create a **horizontal fence system** that anyone could **install with ease**.

WHY SLEEKFENCE™?

DURABILITY

No warping from
the sun.

Withstands
hurricane winds.

High quality
powder coat.

ZERO MAINTENANCE

Zero rust.

No rotting.

Zero ongoing
costs.

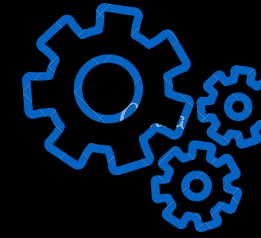

MODERN DESIGN

Installs faster than
all other fence
products.

Satin black finish
as standard.

Modular system.

CUSTOM ENGINEERING

Accomodate any
project!

DEDICATED TEAM

Decades of
experience in the
field.

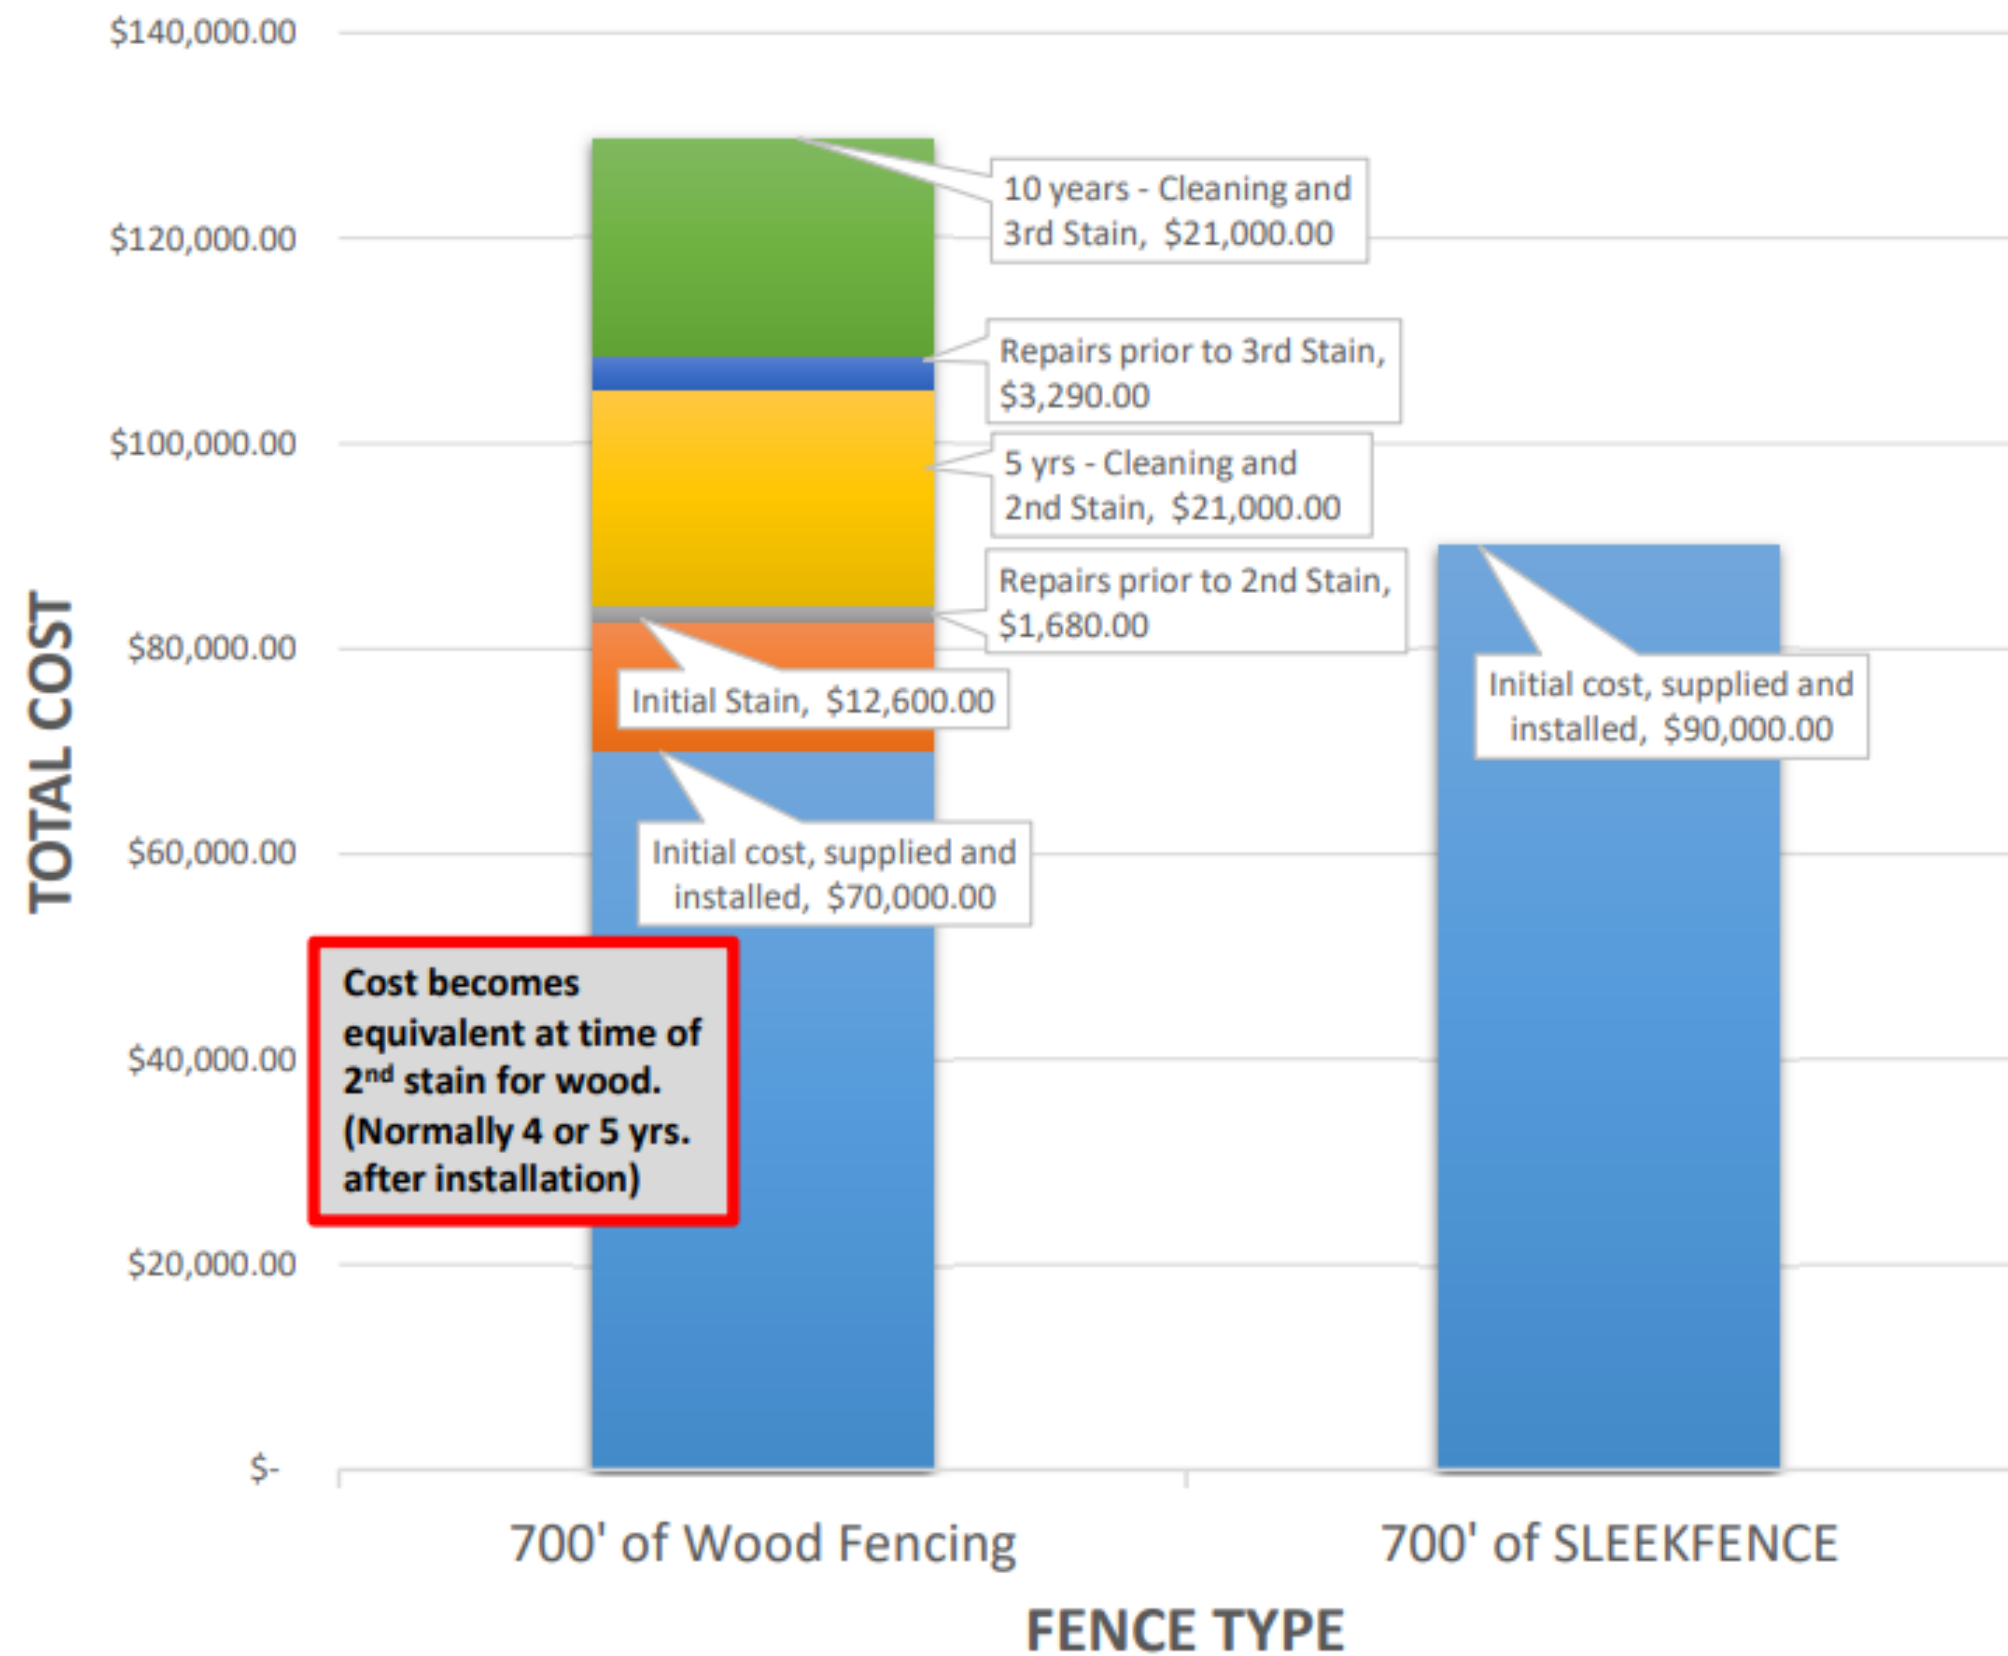

Guaranteed
response within 24
hours.

WHY SLEEKFENCE™?

Product comparison

	Rust and rot proof	Hurricane rated (HVHZ approved)	Resistant to sun damage	Zero maintenance	Looks beautiful	Lasts a lifetime	Environmentally friendly	High heat tolerance (Non-combustible)	Fast install

Explaining the Hidden Costs of a Wood Fence

Impervious to moisture, rotting, warping and termites

High grade aluminum, powder coated

Zero maintenance

No splinters, staining or painting—EVER!

Aesthetically pleasing

The preferred product by discerning clientele

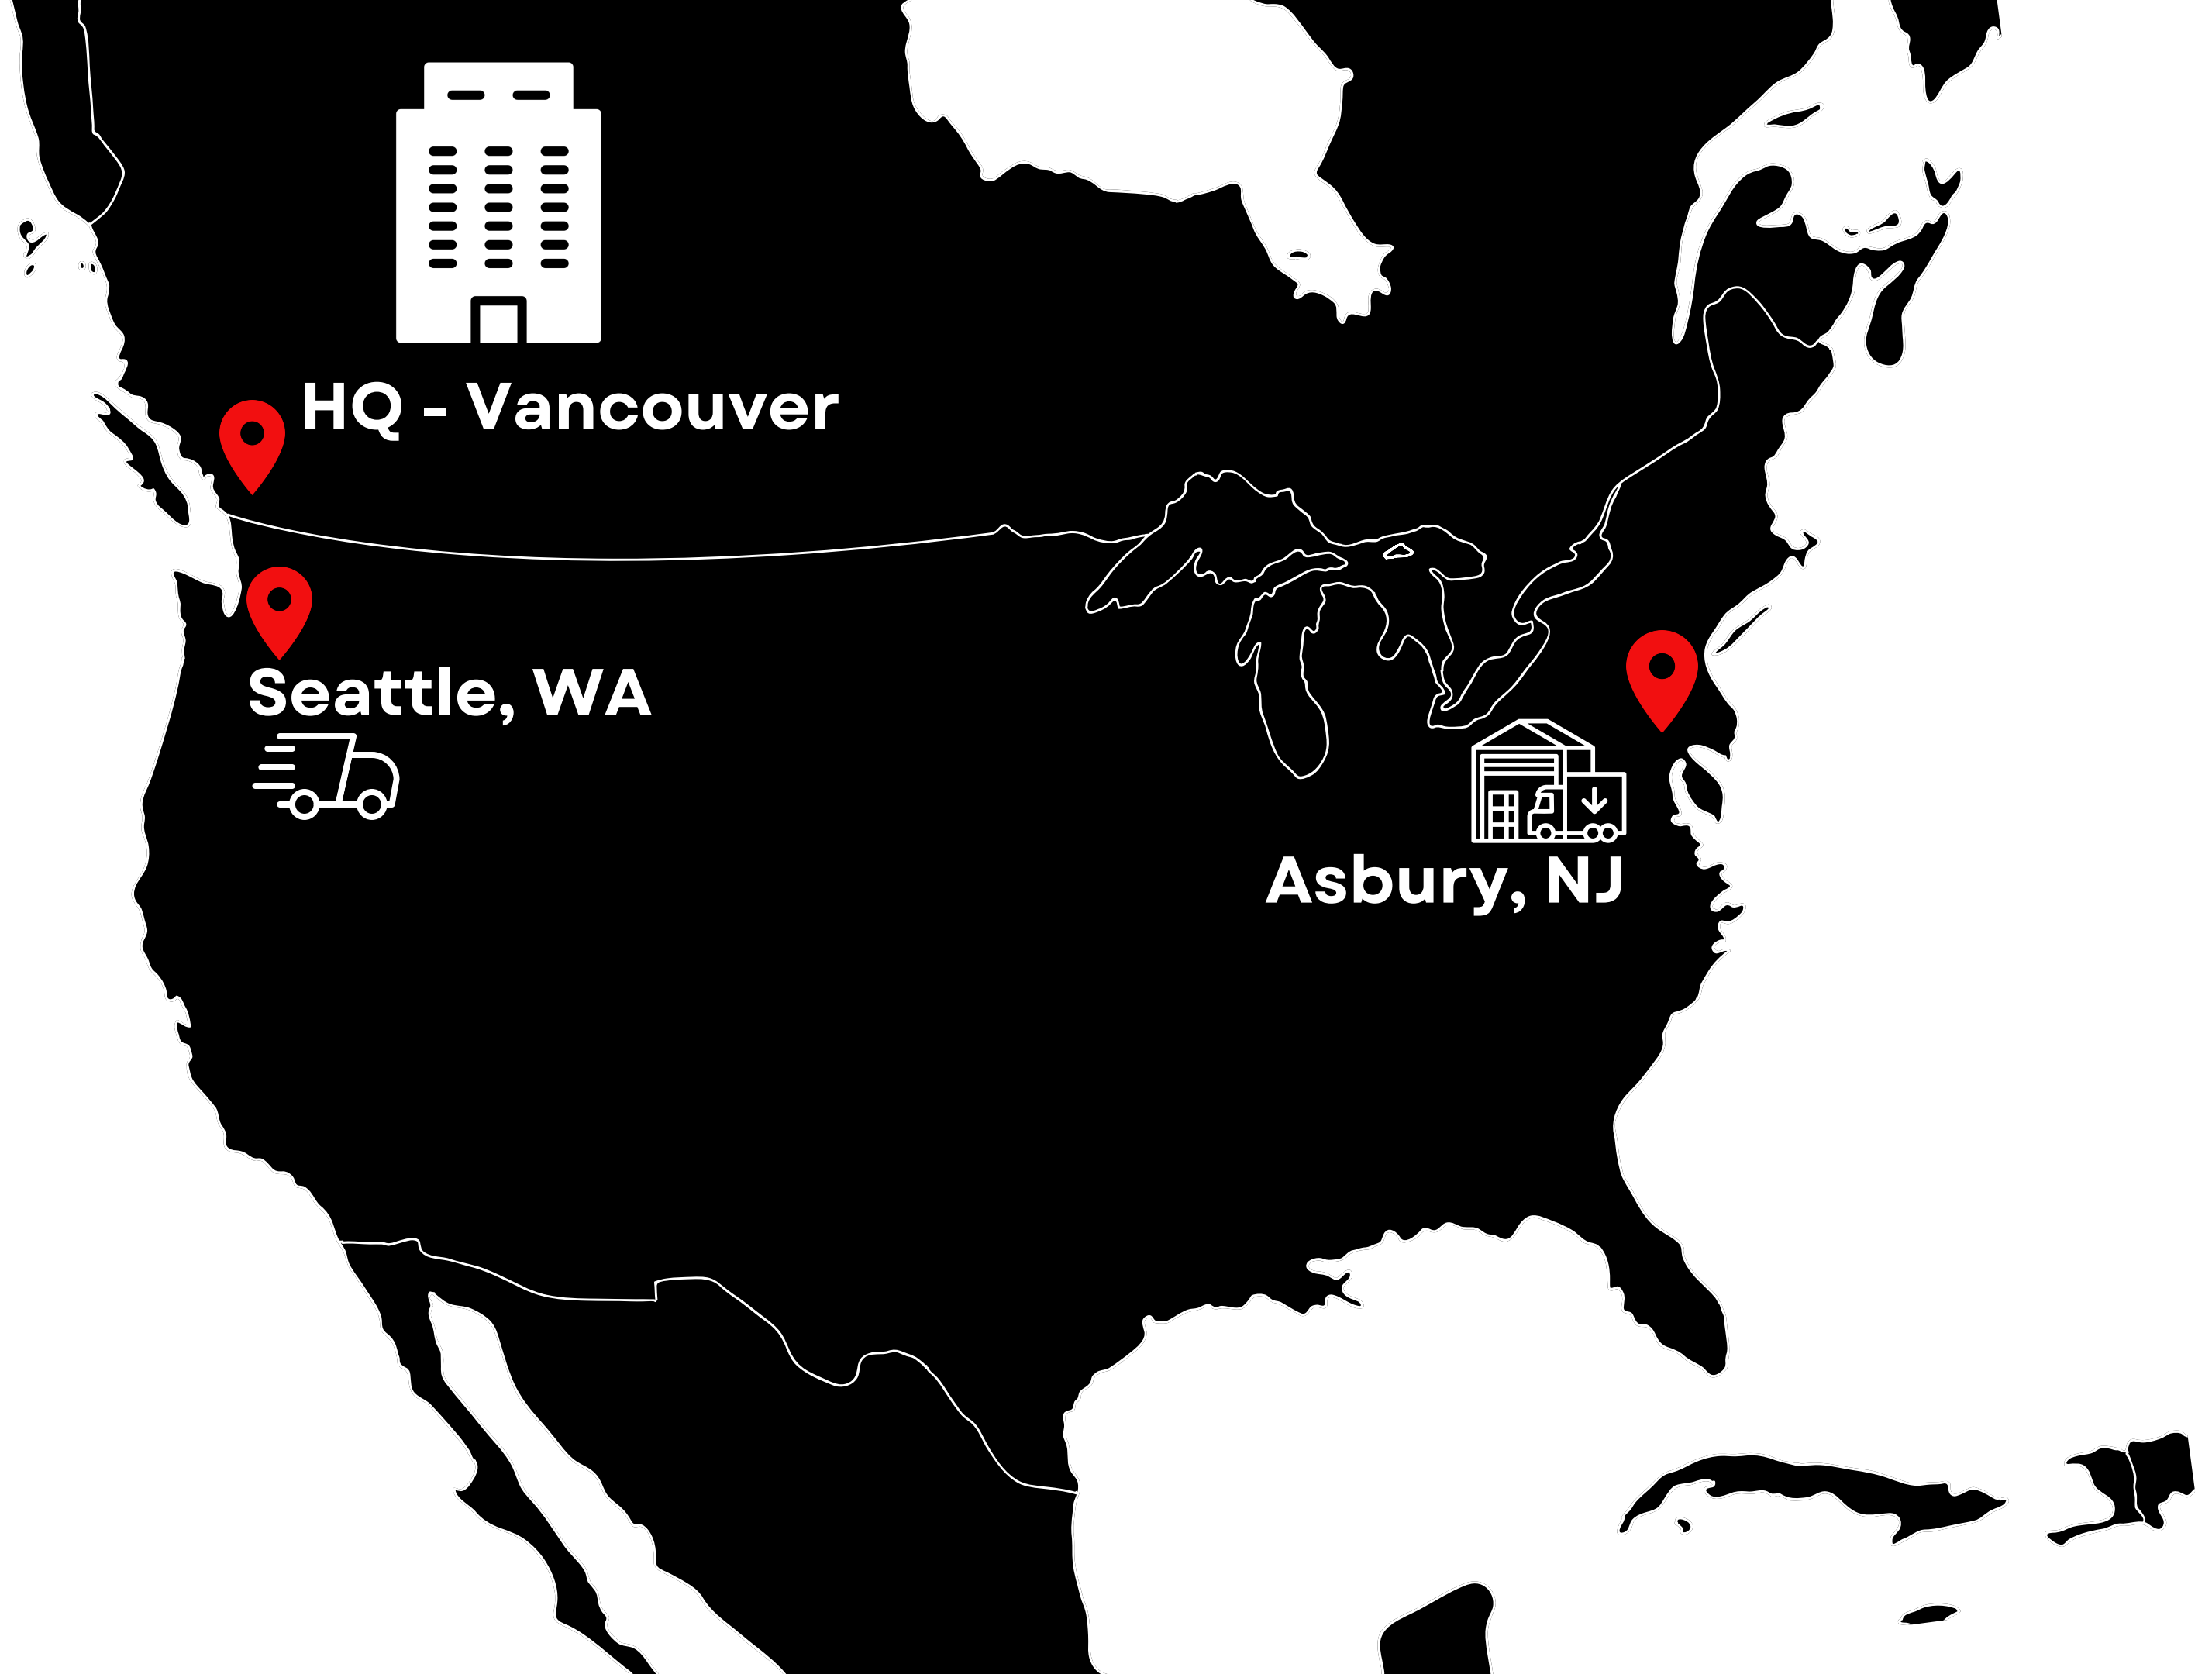

Never rusts, aluminum does not rust

Non-combustible (tolerates heat)

Buy right, buy once

Good for the environment – aluminum is ALWAYS recycled

LOCATION STRATEGY

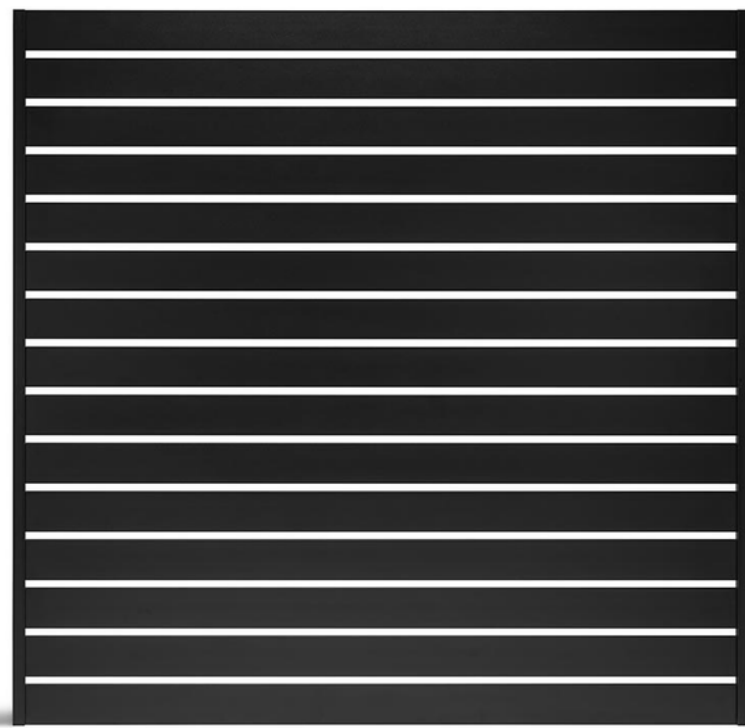

SLEEKFENCE™

THE PRODUCT

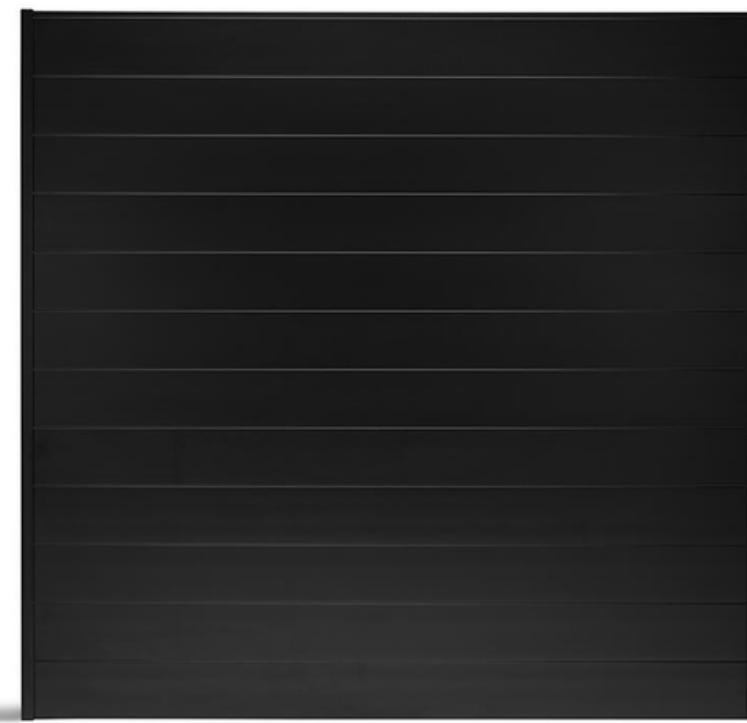

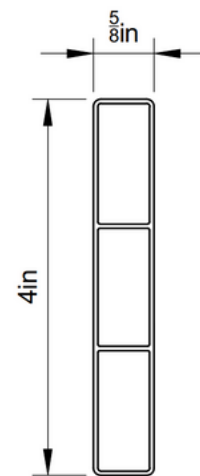

PRE-ASSEMBLED PANELS

The Concept Behind these Products:

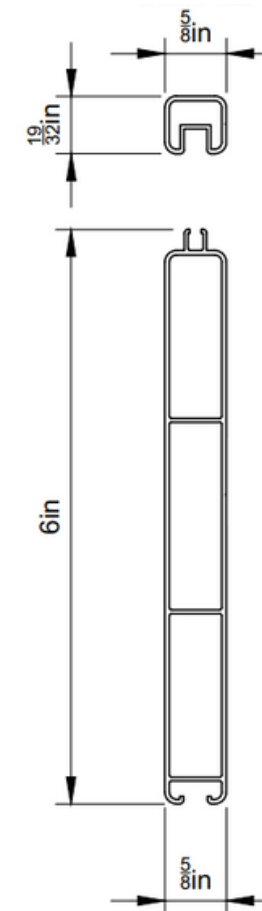

1. Panels ship fully assembled for fast and easy installation
2. EASILY DISASSEMBLED AND CUSTOMIZED – NO WELDED CONNECTIONS.
3. Universal sizing, and ONE universal screw
4. Easy to order and **IN-STOCK**

PANEL CONSTRUCTION

SKU 1008 - Preassembled Screen Panel

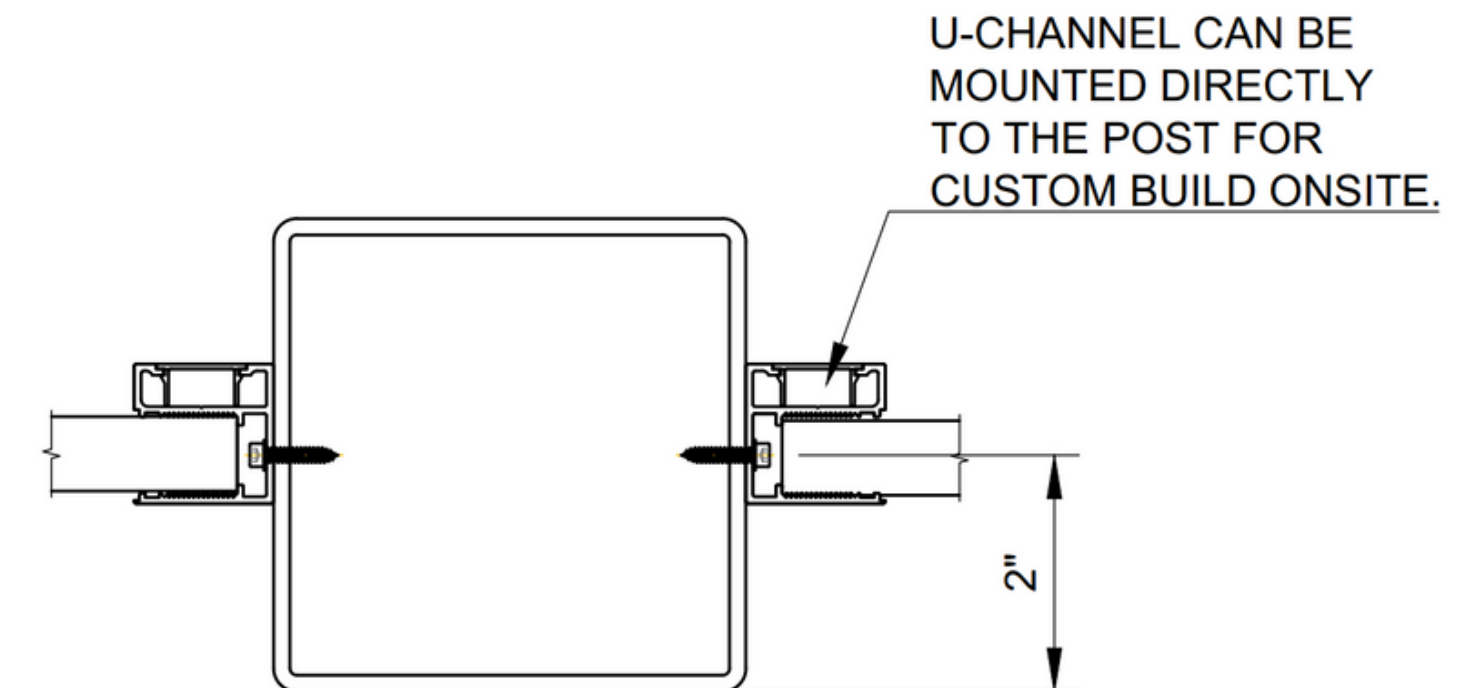

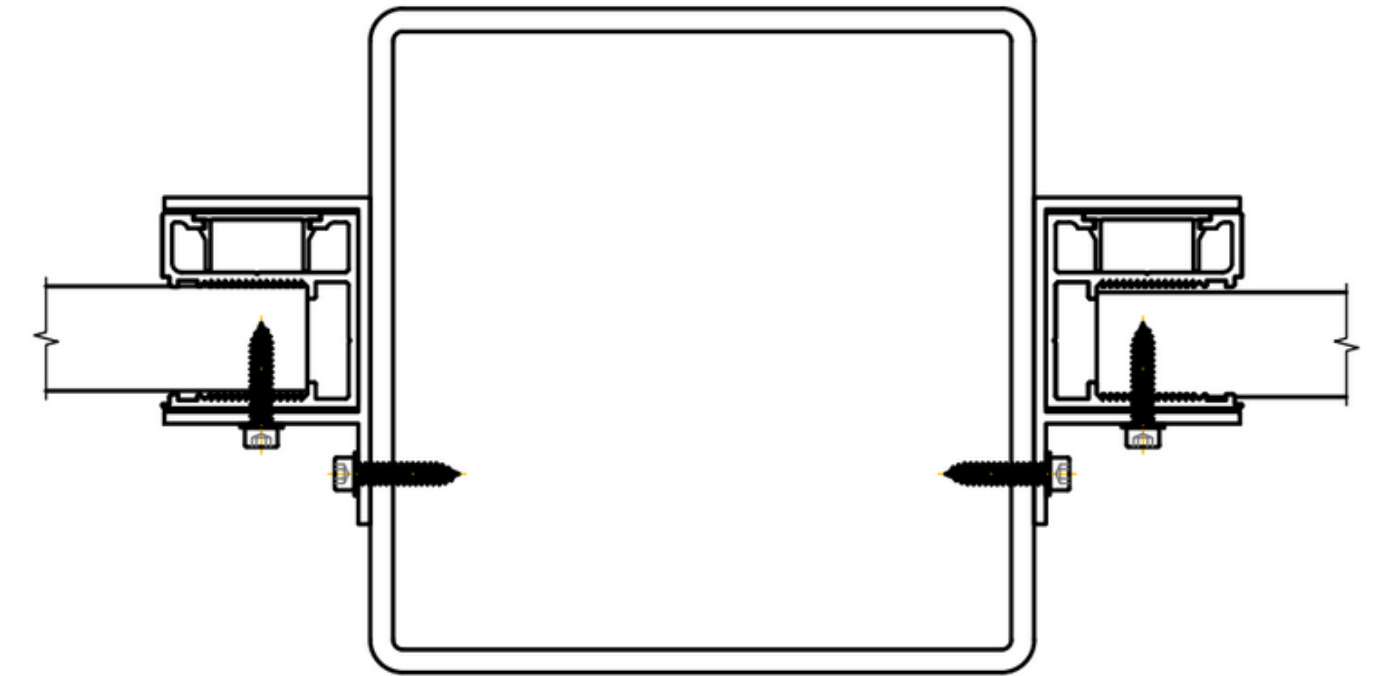

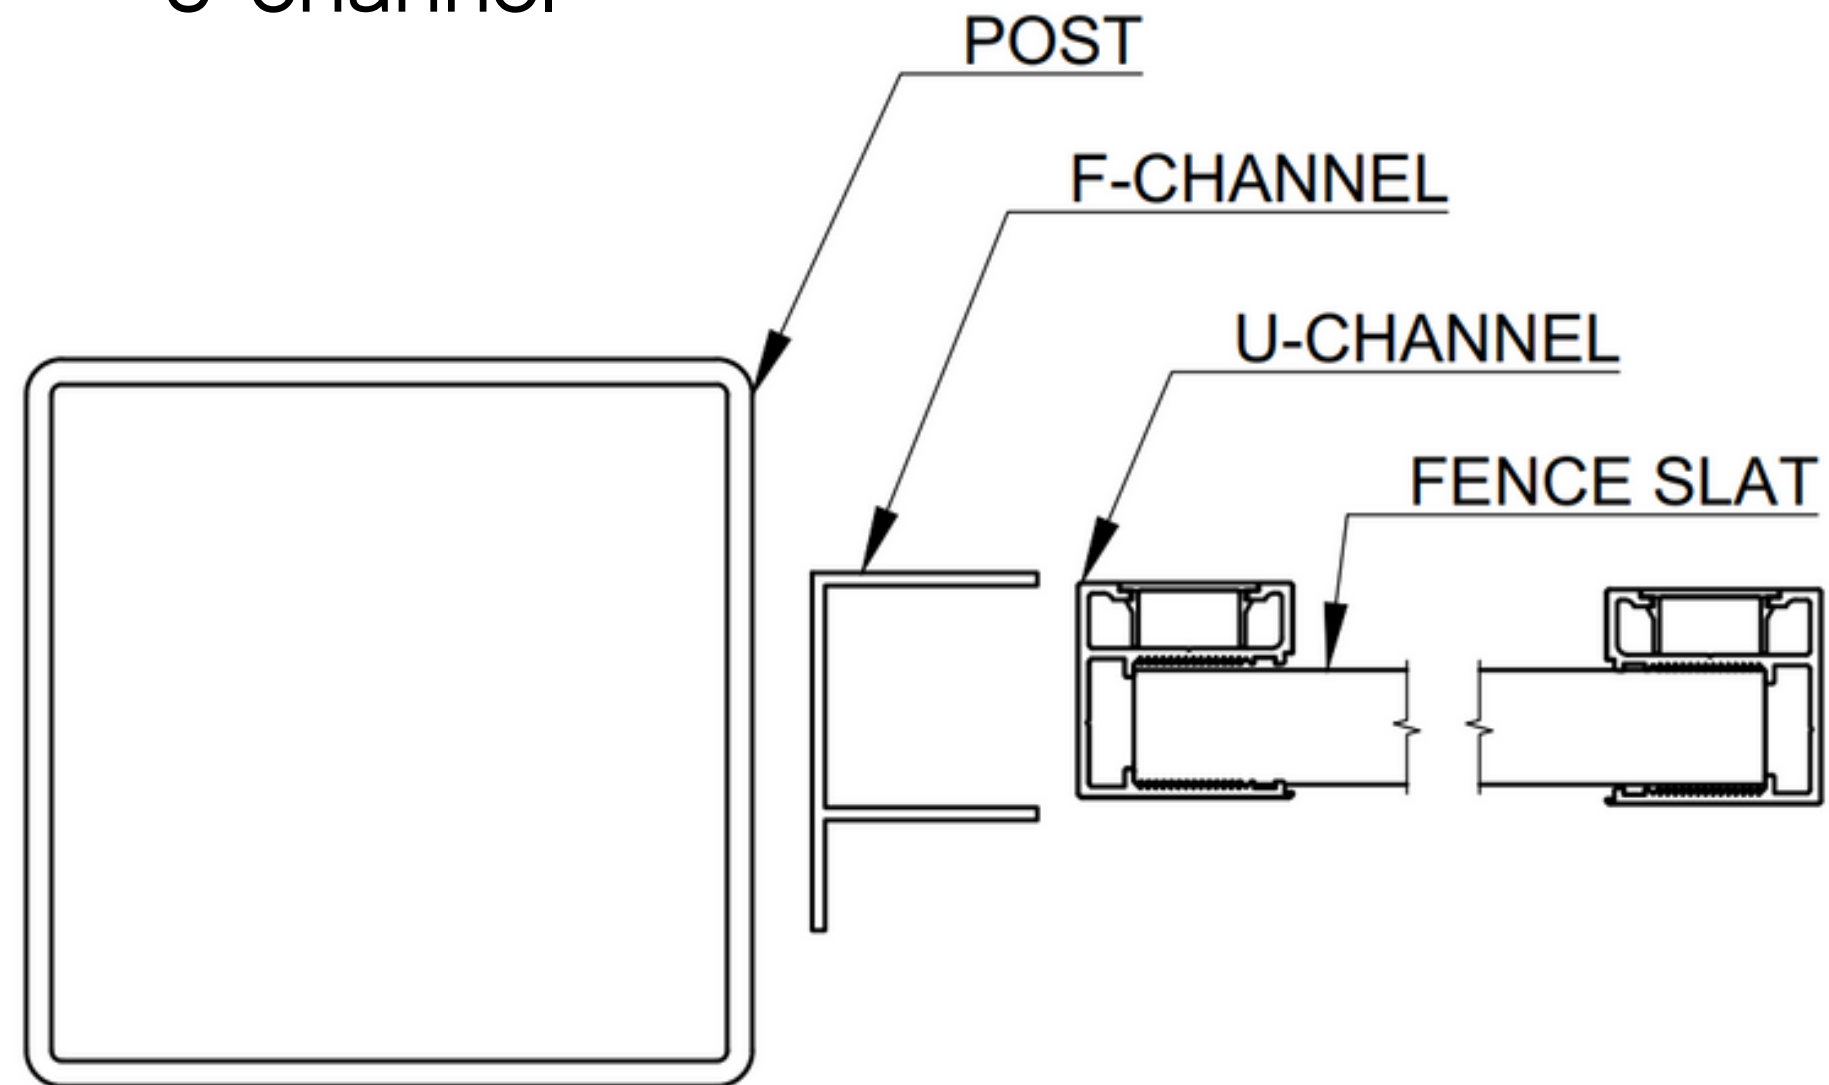

SKU 1006 - Preassembled Privacy Panel

MOUNTING SYSTEM

The 2 main channels:

- F-channel
- U-channel

PANEL & POST OPTIONS

- Dig & Set or Concrete Mount posts are fully 4" x 4" and range from 7'-12' in length
- Custom project engineering available to meet nearly any wind load or fence height requirement.
- Panels can be stacked for EXTRA HEIGHT

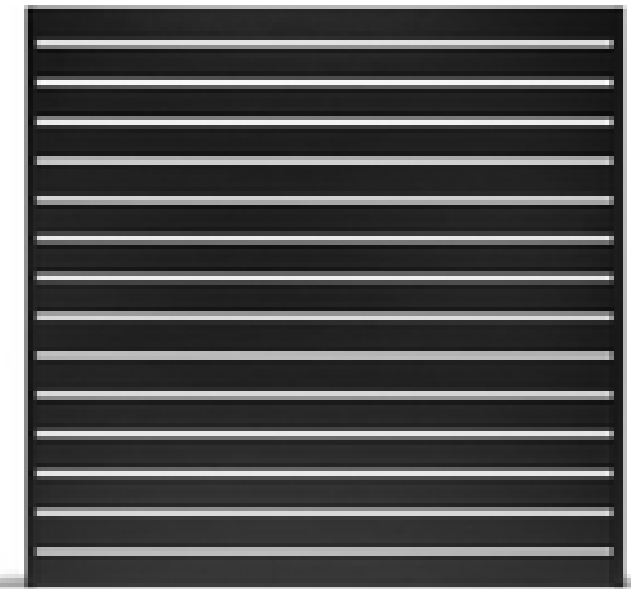

Aluminum Privacy Fence
Panel – 72" Wide x 46" High

Aluminum Privacy Fence
Panel – 72" Wide x 69" High

Aluminum Screen Fence
Panel – 72" Wide x 46" High

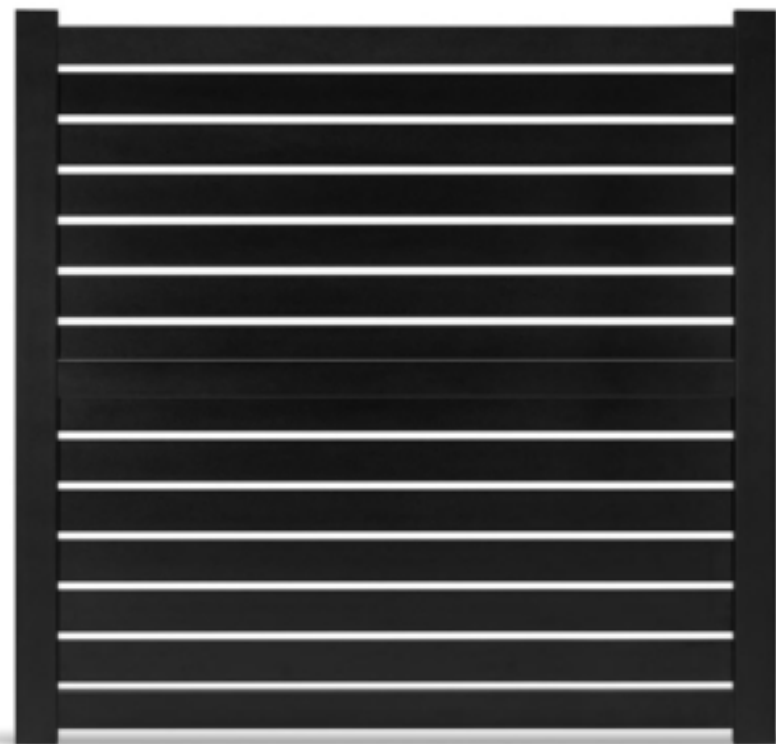

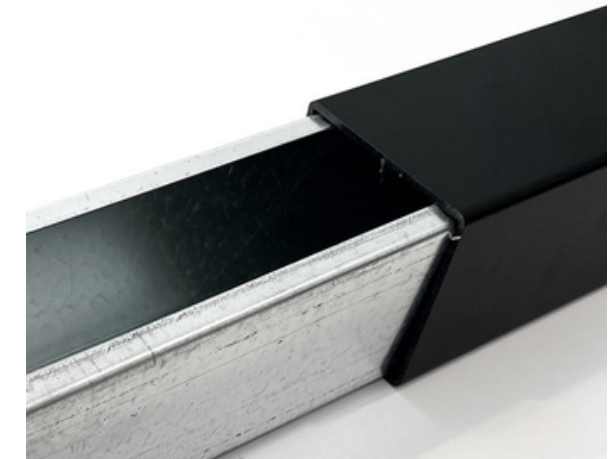

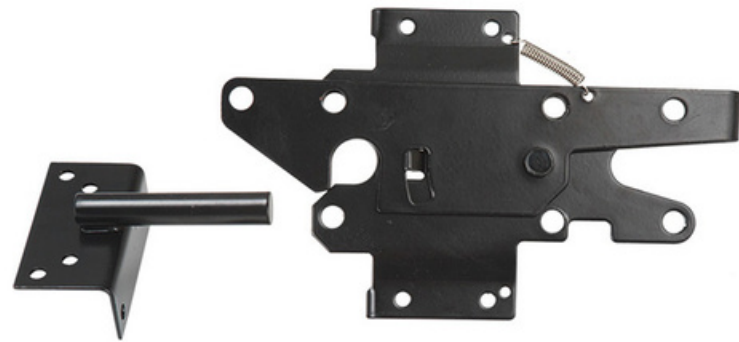

Aluminum Screen Fence
Panel – 72" Wide x 69" High

Privacy Fence slats are 6" wide, interlocking tongue and groove

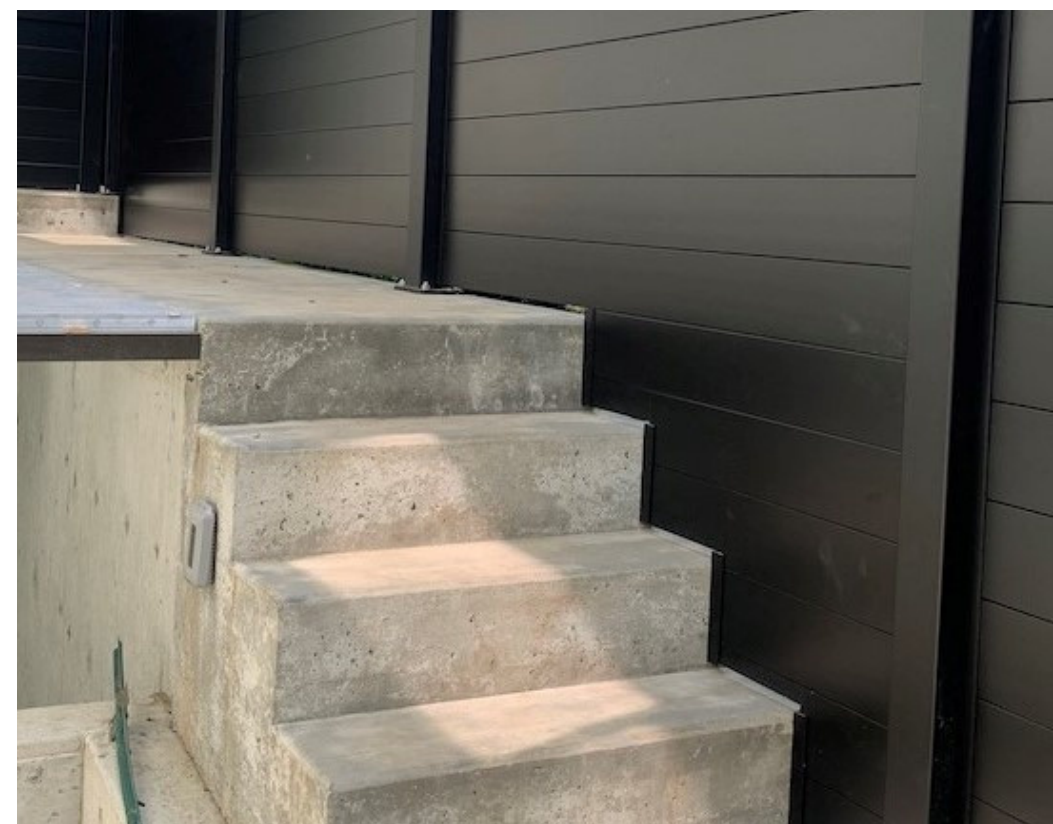

Screen Fence slats are 4" wide with a $\frac{3}{4}$ " gap

PRE-ASSEMBLED GATES

CUSTOMIZABLE -

A truly modular fence system that can be EASILY customized.

PRODUCT QUALITY

Our manufacturing facility is:

ISO 9001:2015 Certified

worldwide standard that sets requirements for a strong Quality Management System

A Qualicoat Licenced Coating Applicator

3rd party quality control

Only high-grade Aluminum 6063-T6

grade 6063 has a high resistance to fracture and fatigue and is very strong

SLEEKFENCE WARRANTY

Visit <https://sleekfence.com/downloads/> and review our **Warranty and Cleaning Instructions**

SLEEKFENCE warrants the powder coated finishes against peeling, cracking, separating, or any abnormal discoloration/fading under normal seasonal weather conditions within the following parameters, criteria and conditions:

PARAMETERS	STANDARD	ACCEPTANCE CRITERIA
Chalking resistance	ISO 4628-7	No chalking on powder coated aluminium profiles in excess of Rating No. 8 based on ASTM D4214 (latest version) for the duration of the warranty *
Colour retention	ISO 7724-3	No colour change on powder coated aluminium profiles will be greater than as per what is indicated in Qualicoat (at any time in force) Standard (colour tolerances after weathering test) and/or GSB (at any time in force) AL 631 Standard (colour differences after weathering), for the duration of the warranty *
Cracking	ISO 4628-4	No visible cracking on powder coated aluminium profiles when viewed at 5 meters/16 feet.

**Where the coating is exposed to long term pollution, industrial or coastal conditions the long-term chalking resistance and colour retention may be affected.*
